

TOP PLATE FOR WOOD: CPV+

TECHNICAL
DATASHEET

SPECIFICATIONS

The CPV+ top plate consists of one piece and was specially developed for the installation of a terrace with wooden or composite planks on our Comfort adjustable pedestals. The curved edge on this Comfort top plate enables the support beam to be attached in various ways. This Comfort top plate is combined with a Comfort adjustable pedestal of your choice. This Comfort top plate is used for beams with a maximum width of 78 mm.
