

SAFETY DATA SHEET

according to Regulation (EU) 2015/830

Pavetuf All Weather Jointing Compound

Page 1/6

Revision

1

Revision date 2020-08-17

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Web

Fax

Telephone

Product name PAVETUF ALL WEATHER JOINTING COMPOUND

1.2 Uses advised against No specific uses advised against are identified.

1.3. Details of the supplier of the safety data sheet

Company
Address

TALASEY LIMITED
ST VINCENT HOUSE
NORMANBY ROAD
SCUNTHORPE

DN15 8QT UNITED KINGDOM www.pavetuf.co.uk Tel: 0330 333 8030 Fax: 0330 333 8040

Email: marketing@talasey.co.uk

1.4. Emergency telephone number

Emergency telephone number 0330 333 8030 Mon-Fri 8am to 5pm

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

2.1.2. Classification - EC 1272/2008Asp. Tox. 1: H304

2.2. Label elements

Signal Word	Danger
Hazard Statement	Asp. Tox. 1: H304 - May be fatal if swallowed and enters airways.
Precautionary Statement: Prevention	P261 - Avoid breathing dust/fume/gas/mist/vapours/spray. P280 - Wear protective gloves/protective clothing/eye protection/face protection.
Precautionary Statement: Response	P301+P310 - IF SWALLOWED: IF SWALLOWED: Immediately call a POISON CENTER/doctor/ . P302+P352 - IF ON SKIN: Wash with plenty of water/ . P331 - Do NOT induce vomiting. P333+P313 - If skin irritation or rash occurs: Get medical advice/attention.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Pavetuf All Weather Jointing Compound

Revision 1
Revision date 2020-08-17

EC 1272/2008 COBALT CAS No. 68409-81-4 EC No. 270-066-5 Classification <3.7% Acute Tox. 4: H302; Asp. Tox. 1: H304; Skin Irnt. 2: H315; Skin Sens. 1: H317; Eye Irnt. 2: H316; Skin Sens. 1: H317; Eye Irnt. 2: H316; Repr. 2: H361f; Aquelic Chronic 2: H411; QUARTZ CAS No. 14808-60-7 EC No. 238-878-4 Classification 96-96.5% SECTION 4: First aid measures 4.1. Description of first aid measures Inhalation Harmful by inhalation. Move the exposed person to fresh air. Seek medical attention. Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist. May cause irritation to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause nausea and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. Do NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. Not known. No unusual fire or explosion hazards noted.	3.2. Mixtures			I/GAI9	ion date 2020-06-

A.1. Description of first aid measures Inhalation Eye contact Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention. Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist. May cause irritation to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause amage and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.				STOT RE1	
Inhalation Eye contact Harmful by inhalation. Move the exposed person to fresh air. Seek medical attention. Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist. May cause irritation to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause amaye and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	SECTION 4: First aid mea	asures			
Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist. May cause irritation or symptoms persist. May cause irritation to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause nausea and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	4.1. Description of first aid me	easures			
Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist. May cause irritation to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause nausea and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	Inhalation	Harmful by inha	lation. Move the exposed perso	on to fresh air. Seek medical attent	ion.
May cause irritation to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause nausea and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	Eye contact				
contaminated clothing. Seek medical attention if irritation or symptoms persist. Harmful if swallowed. Ingestion may cause nausea and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	•	attention if irritat	ion or symptoms persist.		
Harmful if swallowed. Ingestion may cause nausea and vomiting. Ingestion is irritating to the respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	Skin contact				Remove
respiratory tract and may cause damage to the central nervous system. DO NOT INDUCE VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.		contaminated cl	othing. Seek medical attention	if irritation or symptoms persist.	
VOMITING. If swallowed, seek medical advice immediately and show this container or label. SECTION 5: Firefighting measures	Ingestion				-
SECTION 5: Firefighting measures 5.1. Extinguishing media Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.				-	
Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.			wallowed, seek medical advice	immediately and snow this contain	er or label.
Use fire-extinguishing media suitable for the surrounding fire. 5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Wear suitable protective equipment as described in Section 8 of this safety data sheet. 6.2. Environmental precautions Avoid release to the environment. 6.3. Methods and material for containment and cleaning up GENERAL. For waste disposal, see Section 13. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Adopt best Manual Handling considerations when handling, carrying and dispensing. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area.	SECTION 5: Firefighting r	neasures			
5.2. Special hazards arising from the substance or mixture Not known. No unusual fire or explosion hazards noted. 5.3. Advice for firefighters Use protective equipment appropriate for surrounding materials. SECTION 6: Accidental release measures 6.1. 8.1. Control parameters		Revision date 2020-00-1	
·			
8.1.1. Exposure Limit Values			
cobalt	WEL 8-hr limit ppm:	WEL 8-hr limit mg/m3: 0.1	
	WEL 15 min limit ppm:	WEL 15 min limit mg/m3:	
	WEL 8-hr limit mg/m3 total	WEL 15 min limit mg/m3 total	
	inhalable dust: WEL 8-hr limit mg/m3 total -	inhalable dust: WEL 15 min limit mg/m3 total -	
	respirable dust:	respirable dust:	
	·		
8.2. Exposure controls			
8.2.1. Appropriate engineering controls	Not relevant.		
8.2.2. Individual protection measures	Wear chemical protective clothing.		
Eye / face protection	Approved safety goggles.		
Skin protection - Handprotection	Chemical resistant gloves (PVC).		
Respiratory protection	No specific recommendation made, but respiratory protection must be used if the general level exceeds the recommended occupational exposure limit.		
SECTION 9: Physical and ch			
9.1. Information on basic physic			
Appearance	Granular		
Water solubility	Insoluble in water.		
9.2. Other information			
Other in C			
Other information	Not available.

SECTION 10: Stability and	reactivity
OLOTION TO. CLADING AND	- Cubarny
10.1. Reactivity	
	No dangerous reactions under normal use.
10.2. Chemical stability	
	Stable under normal conditions.
10.3. Possibility of hazardous rea	actions
	Not applicable. No potentially hazardous reactions known.
10.4. Conditions to avoid	
	There are no known conditions that are likely to result in a hazardous situation.
10.5. Incompatible materials	
	No specific material or group of materials is likely to react with the product to produce a hazardous situation.
10.6. Hazardous decomposition	products
	Does not decompose when used and stored as recommended.
SECTION 11: Toxicological i	information
11.1. Information on toxicologica	
Inhalation	Inhalation may cause irritation to mucous membranes.
Skin corrosion/irritation	May cause irritation to skin.
Serious eye damage/irritation	Possibility of irritations and eyes watering.
Ingestion	Ingestion may cause irritation to mucous membranes.
Respiratory or skin sensitisation	May cause sensitisation by skin contact.
Carcinogenicity	No Data Available.
Aspiration hazard	Potential for aspiration if swallowed.
11.1.4. Toxicological Information	1
SECTION 12: Ecological info	ormation
12.1. Toxicity	
	No data available
12.2. Persistence and degradab	ility
	Not readily biodegradable.
12.3. Bioaccumulative potential	
	No Data Available.

Partition coefficient	
	No data available
12.4. Mobility in soil	
12.4. Mobility III 30II	No Data Available.
12.5. Results of PBT and vPvB	1 1 1 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2
TE.O. POSITION OF THE WIND AT THE	No Data Available.
12.6. Other adverse effects	The Bata Available.
12.0. Other adverse effects	No Data Available.
0505101140 DI	
SECTION 13: Disposal cons	
13.1. Waste treatment methods	Dispose of waste to licensed waste disposal site in accordance with the requirements of the
	local Waste Disposal Authority.
SECTION 14: Transport info	rmation
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(es)	
	The product is not classified as dangerous for carriage.
14.4. Packing group	
	The product is not classified as dangerous for carriage.
14.5. Environmental hazards	
	The product is not classified as dangerous for carriage.
14.6. Special precautions for use	er
	The product is not classified as dangerous for carriage.
14.7. Transport in bulk according	g to Annex II of MARPOL 73/78 and the IBC Code
	The product is not classified as dangerous for carriage.
SECTION 15: Regulatory inf	ormation
15.1. Safety, health and environ	mental regulations/legislation specific for the substance or mixture
	Safety data sheets: according to Regulation (EC) No. 1907/2006 UK REGULATION Chip3: Chemical (Hazard Information and Packaging for Supply) Regulations 2002.
15.2. Chemical safety assessment	ent
	A Chemical Safety Assessment has not been carried out.
SECTION 16: Other information	tion
Other information	
Text of Hazard Statements in Section 3	Acute Tox. 4: H302 - Harmful if swallowed. Asp. Tox. 1: H304 - May be fatal if swallowed and enters airways. Skin Irrit. 2: H315 - Causes skin irritation. Skin Sens. 1: H317 - May cause an allergic skin reaction. Eye Irrit. 2: H319 - Causes serious eye irritation. Repr. 2: H361f - Suspected of damaging fertility. Aquatic Chronic 2: H411 - Toxic to aquatic life with long lasting effects.
	EUH066 - Repeated exposure may cause skin dryness or cracking.
